

Job Details

Role	Graduate Garden Designer
Location	Bath, UK
Date	March 2025

Arne Maynard Garden Design is inviting applications from Graduate Garden Designers to join the studio design team based in Bath. You will support the development of an exciting range of private projects in the UK, Europe and USA. Working alongside a senior team of Landscape Architects and Designers you will be required to produce design documentation at the highest quality towards the delivery of projects.

We seek passionate and enthusiastic Garden Designers with a meticulous attention to detail. You should understand the working stages and be versatile to work as part of various project teams. You will require exceptional presentation skills to convey proposals graphically and be confident to share ideas within the studio design team.

Applicants will have a garden design qualification or experience from a relevant discipline. Horticultural knowledge (equivalent of RHS Level 2) is desirable, or you may have an interest in undertaking a course.

Professional Skills

- Understanding of project work stages with a focus on design development
- Confidence to communicate ideas within a studio design team
- Produce high quality design documents and drawings
- Support studio design team members to fulfil project deliverables
- Ability to work as part of a multi-disciplinary project team
- Organised project file management in accordance with company standards
- Application of templates and branding to achieve quality standards
- Attentive disposition to take notes on behalf of design team

Personal Requirements

- Proficient in Vectorworks or similar, SketchUp, Adobe Creative Suite, Microsoft Office
- Eligible to work within the UK, with relevant visas
- Fluent spoken and written English
- Willingness to travel, sometimes at short notice
- A clean and valid driving licence

Remuneration

- Salary will be dependent on level of experience and qualifications
- A package of employee benefits is available

Application

- To apply please email a covering letter, CV and portfolio to info@amemaynard.com
- A full job description will be made available prior to an interview
